Bachelor of Science in Nursing (RN to BSN) 120 credits

Specific Program Admission Requirements

- Students must provide a conferred Associate of Science in Nursing degree from an Accredited College with a GPA of 2.75 on a scale of 4.0 and the official transcripts.
 - Students will receive 60 credits for the Associate of Science in Nursing.
- Students must provide documentation of an unencumbered Registered Nurse license from the United States (US) and territories. The license must be verified.
- Students must provide a resume showing at least 2 years of work experience as a Registered Nurse in the US and territories. Students must be interviewed by the School of Nursing Dean or their designated person.
- 4. Students will receive 30 credits once their RN license is verified.

Program Description

The Bachelor of Science in Nursing (RN to BSN) aims to offer students with an Associate Degree in Nursing the opportunity to meet and obtain the requirements for a bachelor's degree. The courses are distributed between general education, professional core, and major.

Program Objectives

- Demonstrate critical thinking and problem-solving skills as applied to client care.
- Integrate an understanding of healthcare organizational systems and leadership to improve client care.
- Demonstrate application of evidence-based practice to manage physiological integrity of the client across the lifespan.
- 4. Use healthcare technology to promote client health and healing.
- Apply knowledge of healthcare and regulatory policies to improve healthcare quality and client outcomes.
- Communicate effectively and collaboratively within inter-disciplinary teams to promote high quality and safe client care.
- Promote health and disease prevention for clients and communities, with sensitivity to individual and cultural influences.
- Demonstrate professional values that promote human dignity, social justice, and client autonomy.

Program sequence will be available at the time of enrollment.

The language of instruction and program delivery modality are subject to availability.

Programmatic Academic Achievement Requirements

- 1. Students must earn a grade of "A" or "B" in every core Nursing course;
- 2. Students may repeat no more than two core Nursing courses, and
- 3. Only one repeat of any Nursing core course may be attempted.
